Burns of Maysville, died a few days ago in

shortly.

He was about 50 years of age. His mother,
Mrs. Kate Burns, resides in Covington, and he

James, C. F. and Henry Breeze of this city.

The interment will take place late this
afternoon in Maysville Cemetery.

DR. W. H. LAWVILL.

Dr. W. H. Lawwill died Sunday night at his
home near Shelby City, Boyle county, after an
illness of several weeks, death being in great
part due to the infirmities of old age.

Dr. Lawwill was born in Brown county, O.,
in 1826, and was for a long time a resident of
Mayslick.

He removed to Boyle from Mason county in
1891 for the purpose of educating his family,
and located on the farm near Danville which
had since been his home.

Though educated for a physician at the Ohio
Medical College in Cincinnati, of which he was
the oldest graduate, he had not practiced
medicine for many years, having engaged in
farming after his removal to Boyle. In 1865
Dr. Lawwill was married to Miss Mary J. Wells
of this county. After her death he was mar-
ried to Miss Melford, also of Mason, who died
only a short time ago.

He is survived by seven children—Edward,
William S., John, Thomas, Frank, Joseph and
Stewart.

A short funeral service was held at 12:30
o'clock yesterday at the Second Presbyterian
Church in Danville, and the remains were
brought here for interment.

THAT'S THE LEDGER.

The Rev. T. DeWitt Talmage says—
"A newspaper whose columns over-
flow with the advertisements of busi-
ness men has more influence in at-
tracting attention to and building up a
city or town than any other agency
that can be employed. People go where
there is business. Capital and labor
will locate where there is enterprising
community. No power on earth is so
strong to build up a town as newspa-
pers well patronized, and this power
should be appreciated."

Attention is invited to the "sliding scale" of
prices for gas, recently adopted by the Mays-
ville Gas Company, which become effective to-
day. Certainly, the prices named are cheap
enough and they should induce the general use
of gas stoves, especially when one considers
the comfort and safety involved.

The readers of this paper will be pleased to learn
that there is at least one dreaded disease that
science has been able to cure in all its stages and
that is catarrh. Hall's Catarrh Cure is the only
positive cure now known to the medical frater-
nity. Catarrh being a constitutional disease, re-
quires a constitutional treatment. Hall's Cat-
arrh Cure is taken internally, acting directly
upon the blood and mucous surfaces of the system,
thereby destroying the foundation of the disease,
and giving the patient strength by building up the
constitution and assisting nature in doing its work.
The proprietors have so much faith in its curative
powers that they offer One Hundred Dollars for

The Philadelphia Ledger says Mr. BRYAN, being dead and gone, is ignorant of the changes which the Democratic revolution has wrought since 1900, and, curiously enough, even in the tomb in which his party, none too tenderly nor reverently, laid him, his rest is disturbed by idle dreams that he still lives as a political factor.

The German newspapers and the German Emperor are "biling over" with wrath because Admiral DEWEY ventured to remark that the United States had a greater Navy than Germany—or words to that effect. They can probably be convinced of the truth of DEWEY's statement if they will kindly get in the way of some of the big guns that have a few Yankee Gunners at their business ends.

The Winchester Sun-Sentinel puts it pretty forcibly when it suggests that it would be well in soliciting subscriptions from our citizens to have a semblance of an exhibit for Kentucky at the Louisiana Purchase Exposition to explain that the humiliating necessity arose from the fact that an inefficient Democratic Legislature loaded the state with a \$100,000 corruption fund to hang Taylor and damn the Republican party, and failed to make any kind of an appropriation to enable us to show our resources at the Exposition.

The Irish Land Bill pending in the British House of Commons is considered the most important of any yet introduced for the government of Ireland. Leaders on both sides believe that it will go far toward bringing about a just settlement of the land question. The bill provides for the purchase, on easy terms, of land by the tenants, the Government lending them the money at a low rate of interest. It is calculated that the tenants can eventually acquire the land by annual payments amounting to but little more than the rent they now pay. The total amount to be loaned by the Government is estimated at \$500,000,000 to \$750,000,000, and of this amount \$60,000,000 is in the nature of a free contribution to the tenants.

If the German Emperor desires information as to the efficiency of Uncle Sam's Navy, he is respectfully referred to any of the English gentlemen who "went up against" the infant during the Revolution or the War of 1812, or to either Admiral MONTEJO or Admiral CERVERA, late of the late Navy of Spain, who were foolish enough to tackle the promising young man a few years ago.

On the principle that "an ounce of prevention is worth a pound of cure," THE LEDGER earnestly urges every citizen of Mason county to comply cheerfully with the orders of the County Board of Health, printed elsewhere. This will prevent all danger of another outbreak of smallpox, such as has existed in this county since last December, and which has been recently so grossly exaggerated. So far as Maysville is concerned, there positively has not been a new case since last Saturday, and the three or four cases that remain in the city limits are about well.

Here is what the mud roads of Maysville have cost each year for seventeen years past—

1886.....	\$ 9,307 41	1896.....	\$ 4,572 30
1887.....	6,284 17	1897.....	10,076 49
1888.....	6,109 78	1898.....	3,700 45
1889.....	5,125 85	1899.....	3,066 53
1890.....	5,149 75	1900.....	4,485 82
1891.....	5,258 12	1901.....	4,379 64
1892.....	6,990 75	1902.....	3,871 88
1893.....	21,673 30		
1894.....	9,002 06		
1895.....	6,231 16		
Total.....	\$116,955 72		

Just think of it—\$116,955.72 absolutely wasted, for we have just exactly the same sort of streets that we had before a dollar of this money was spent. If in 1886 the city had borrowed \$100,000 at 4 per cent. and built streets with that money, it would have cost the taxpayers \$4,000 a year for interest, or \$68,000 for the seventeen years.

The account would then look something like this—

What it has cost.....	\$116,955 72
What it would have cost.....	48,000 00
Saving to taxpayers.....	\$ 68,955 72

Besides, we would have had seventeen years of the pleasure and comfort that follow good streets and clean surroundings.

Political Pickings

CALHOUN WAS CONSIDERATE.

Cynthiana Democrat.

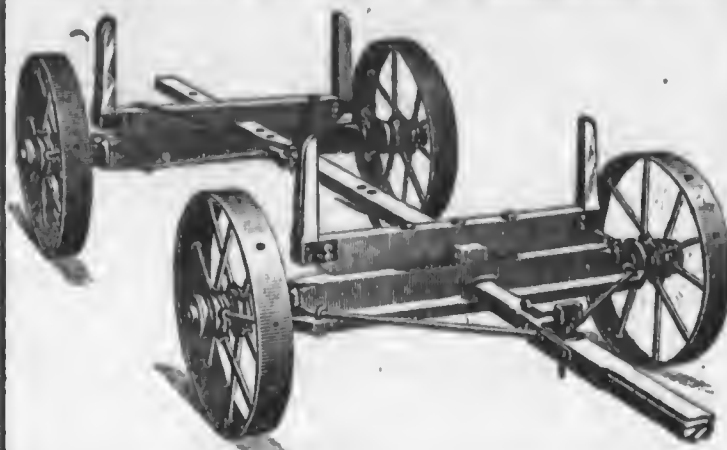

When Governor Beckham signed a contract with Captain Calhoun for the collection of Kentucky's war claims he did it with the full knowledge and consent that, if the Captain could lobby an act through the Legislature increasing the fee, he was welcome to it. The sum of \$71,000 is modest. The Captain might have made it \$200,000 just as easily. It is a credit to Governor Beckham that he selected a man who could restrain himself.

Oliver

Gave to the world the Chilled Plow. The magical word Oliver is a guarantee of quality.

Mr. Oliver still controls the chilling process that has made the Oliver Plow so famous. Every genuine Oliver Plow Point or other repair has Mr. Oliver's name stamped upon it, and this name certifies that that piece is double chilled and will scour free and last

almost twice as long as a part chilled in the imitation way. Notice one peculiarity of an Oliver Plow: Note this well, for it means much to you—An Oliver Plow also includes the Cutter. When you put on an Oliver Point you have an entire new cutting surface; you virtually have a new plow. Upon other plows the point and cutter are separate, and you have to buy two parts at double the expense to secure a new cutting surface. Remember this, please: Oliver parts all fit nicely. An Oliver Point fits just as nice as the first one that was put on the plow. Oliver Mouldboards, Standards, Landsides all fit; your Oliver Plow works just as nicely when it is ten years old as it did the first year. We ask you to candidly say if this is the case with any other plow on earth. When you spend your money get all you can for it. The most value that a man gets in anything is an Oliver Plow. Oliver Plows are absolutely guaranteed.

CAN'T EVADE IT.

Positive Proof From Maysville Can't Be Brushed Lightly Aside.

The reader is forced to acknowledge that convincing proof from people in this locality is pre-eminently ahead of indorsements from everywhere else in our Republic. Read this:

Mr. John H. Fessler of 209 East Fourth street says:

"It is most pleasing to learn of a remedy which does all that is claimed for it when there are so many whose merits exist only on paper. I know that Doan's Kidney Pills are a valuable and reliable remedy, and this fact is substantiated by ample proof from their personal use. I procured the remedy at J. Jas. Wood & Son's Drugstore, corner of West Second and Market streets."

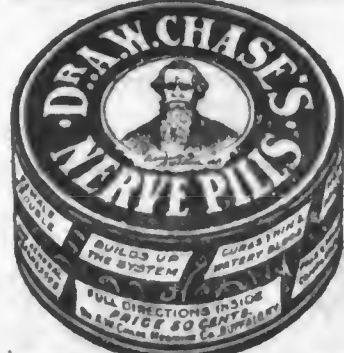

For sale by all dealers. Price 50c. Mailed by FOSTER-MILBURN CO., Buffalo, N. Y. Sole Agents for the United States. Remember the name—DOAN'S—and take no substitute.

Nervous Headache

The Cause of Much Suffering to Women is Permanently Cured When the System is Built Up By

DR. A. W. CHASE NERVE PILLS.

A NERVE TONIC NEVER EQUALLED

THIS SHAPED BOX—NO OTHER

Mrs. John Hall of Fourth street, Toronto, O., says: "I like Dr. A. W. Chase's Nerve Pills because they cured my nervous sick headaches. These headaches used to play me out and leave me weak and nervous, the pain being so severe. My eyes used to get stiff and sore during the attack and the neck so stiff I could hardly turn it. The Nerve Pills, however, proved to be just what I needed and cured the attacks in a hurry. As a result I feel steady in nerves, physically strong and vigorous and in every way sound and well. This makes me feel I can't speak too highly of the medicine."

When the head aches and throbs; when the neck and eyes grow stiff, the face flushes or grows deathly white, when any excitement or over effort brings on an attack of nervous headache so severe that it leaves you weak, tremble, shaky and utterly worthless for days, it is a sure indication that the nervous system is shattered, that resistive power is gone—that you need a medicine that will rebuild and resupply the lost nerve force, that will so strengthen you that you can meet and overcome these terrible seizures. Such a medicine is Dr. A. W. CHASE'S NERVE PILLS, a medicine that does not relieve but goes to the root of the trouble and positively cures.

Mrs. Della Kerns of No. 716 Seneca street, Buffalo, N. Y., says: "When I got the box of Dr. A. W. Chase's Nerve Pills I was so nervous I could not keep still, could not sleep and was in a mighty bad state. My head ached hard—those hard, racking, nervous headaches that left me weak and prostrated. I took the box of medicine and since that time have been all right—no headaches—no nervousness, feel strong and vigorous, and can sleep well again. I am glad, indeed, to recommend the medicine, as I consider it a safe and certain cure for such troubles. In action it is very pleasant and agreeable and what is more, devoid of all the unpleasant effects of the usual headache preparations. It certainly is a grand medicine."

A. W. Chase on each box of the genuine. For sale by dealers, 50c a box, or Dr. A. W. Chase Medicine Co., 257 Washington street, Buffalo, N. Y.

EXQUISITE MUSIC.

The bandmen of the Gordon Highlanders "The Kilties," who will appear at Washington Opera-house afternoons and evenings Wednesday, April 15, have always given due prominence on their programs to the works of the great masters, and are equally at home in performing the less pretentious compositions of the popular writers, but they chiefly excel in their own peculiar National music, that of Scotland. It is unnecessary to refer to the exquisite musical beauty of Scottish airs and the manner in which they appeal to all. Suffice it to say that faithful interpretation of Scottish music by the Gordon Highlanders is as near perfection as anything musical can be.

River News

The river is going down fast at this point.

The Tacoma for Pomeroy will be up tonight.

Engineer Clayt. Crawford is in command of the Sunshine.

The Henry M. Stanley will be down tonight from Pomeroy.

The Keystone State from Pittsburgh will pass down tonight.

The Louisa passed up for the Big Sandy where she will go in commission.

The big steel barge built by the American Bridge Company at Pittsburgh a couple of months ago, which has been lying in the harbor, will be loaded with 2,500 tons of steel rails and towed to St. Louis next week by the J. Y. Lockwood.

Now there is talk of the Government improving the falls of the Ohio some more. It is the general opinion of rivermen and steamboatmen that it has been "improved" too much already. The only improvement that can be made on the falls worth anything to navigation is to establish five or six beacon lights between the head of Indiana chute and Sand Island, so that when the canal is closed steamboats and towboats can run at night and not have to wait at the head or foot of the falls for daylight to come. Again if the Government will improve the canal by cutting out the "niggerheads" in it, it will be really an improvement worth something to navigation.

Statistics of recent years have shown that there is a steady increase in river traffic. Beginning with the construction of railroads, the river traffic declined steadily until 10 years ago. Since then there has been a gradual enlargement of the trade; not at the expense of the railroad traffic, but because of business that is better handled by water. The fact of this increase is not generally known. Supervising Inspector Dorsey of the Louisville District believes that there will be a steady increase in the volume of river traffic. In 1901 1,135,000 passengers were carried in that district, and last year there was an increase of 12,000 in the total. Memphis, Louisville, Evansville and Nashville, the four central points of Capt. Dorsey's district, rank in the order named in the volume of business.

The steamer City of St. Louis, one of the last of the famous old Anchor liners, which was bought several months ago from Capt. James M. Grady by the Greater New York Home Oil Company and taken to New Orleans from St. Louis to be converted into an oil tank vessel, was sold last week by the United States Marshal to satisfy claims amounting to a few hundred dollars. There were few bidders at the sale, and she was finally knocked down to Attorney T. Marshall Miller for \$3,125. Mr. Miller bid her in for George B. Alexander and George Clifton of Greenville, Miss. Mr. Alexander being a member of the Greenville Oil Company, and Mr. Clifton having charge of the coal yards and elevator at that place. The City of St. Louis is the largest boat on the Mississippi river, and has one of the finest cabins ever built. After undergoing a few necessary repairs she will be taken to Greenville, but what use her new owners will make of her has not been announced.

At a meeting of the Board of Directors of the Maysville Gas Company March 28th, 1903, it was ordered, that on and after the 1st day of April, 1903, the above sliding scale price of gas for all purposes, fuel and illuminating, should go into effect for private consumption.

All rates and discounts heretofore made are abolished.

It was also ordered that after the 1st of April the old rate of the Company, "Gas will be turned off, if account is not paid within five days after presentation," shall be strictly and fully enforced, regardless of whom it may concern. (This action was taken, not to appear arbitrary, nor with the idea that the accounts of the consumers were not perfectly paid any time during the month, or a year later for that matter, but for the good of all concerned and in order that this part of the business of the Company might be taken up at a specified time during the month and disposed of, and earlier in order that the time and thought of the Company's Agents and employees, now so largely occupied with this work of collecting, might, for the balance of the month, be directed towards the delivery of gas, and the better attention and more efficient supply and service.)

It was further ordered that beginning the first of May, and for each and every month thereafter, the monthly statement of account of each consumer should be delivered to and consumed by an Agent of the Company on the first day of the month, or second day if the first comes on Sunday, and that said account shall be paid to the Agent and payable at the office of the Company on Court street within the day, and if so required are will be promptly shut off.

The Gas Company further announces that after the first day of April they will handle and sell at cost, prior to gas consumers any of the great variety of Gas Stoves and Ranges shown in the catalogue of the Detroit Jewel Gas Ranges, which price will be equivalent to 30% discount from the list prices in said catalogue. Said stoves will be sold for cash only, or according to the terms of a printed lease, whereby such instrument is extended over a period of from twelve to seventeen months. For in future, taken as range listed in catalogue at \$20; the gas company will sell this range to consumer for \$11 cash, or for \$20 cash, at a going of lease and 60¢ per month for seventeen months at the expiration of which time the range is sole property of consumer.

The Company has selected to handle the Detroit Jewel Gas Range on account of its known reputation for durability and economy in its consumption of gas.

The Gas Company will be so located at cost the fixtures and materials of the Webster Company in all of their many attractive varieties.

Before closing this announcement the Gas Company wishes to publicly express its appreciation of the eminently fair, just and courteous treatment accorded them by the Board, the Mayor and Board of Council, particularly the Chairman and members of the Gas Committee, through whose efforts in behalf of the private consumers the above concessions in the price of gas are now made.

With the assurance to the citizens of Maysville that it will be the earnest effort of the Company and its Agents to give you the very best service at the very least cost, we beg to remain, very respectfully,

MAYSVILLE GAS COMPANY.

P. S.—On and after the 1st of April the Gas Company will have an exhibition at the plumbing establishment of Mr. Larry Langsdorf, samples of the Detroit Jewel Gas Ranges, to the inspection of which those interested are cordially invited. You can leave your order for a range with any representative of the Gas Company, Mr. Langsdorf or your regular plumber, with either of the latter of whom you will have to make arrangements for something and fitting up range for use in case you place your order.

MADE A MILLION

On An Investment of Twenty-Five Cents.

Large fortunes are oftentimes made from small amounts judiciously invested, but it is seldom that an opportunity occurs to make a million dollars from an investment of 25 cents. Good health is far more valuable than money. In 1892, 8,500,000 persons used Dr. Harkness's Vegetable Compound. Eighty per cent. of whom were restored to health, not one of whom would be willing to return to their former condition for a million in gold. If you are sick, suffering from any disease of the blood, liver or kidneys, rheumatism, nervousness or constipation, this great remedy will cure you. 25 cents. All Druggists.

MISS SARAH FINLEY,

Vice-President of the Palmetto Club, Memphis, Tenn.

WINE OF CARDUI is a thoroughly scientific and modern remedy, meeting the needs of the modern woman in the modern way—without the torture of an operation. Wine of Cardui has cured them in the privacy of their homes and it has found a place in the hearts of American women that no other medicine has found. In their gratitude over 10,000 American women have written letters commending Wine of Cardui. Wine of Cardui meets their wants as no other medicine does. It sustains the young girl at the shock of her entrance to womanhood. Women who take Wine of Cardui have little discomfort during pregnancy and little pain at childbirth. When the change of life appears they enter a happy, healthy old age. Every month it comes to the rescue to assist Nature in throwing the impurities from the body.

Miss Sarah Finley, of Memphis, Tenn., vice-president of the Palmetto Club of that city, speaks for herself and many friends when she bestows the

Miss Sarah Finley.

following praise on Wine of Cardui:

"Among the numerous medicines placed before suffering women for their relief none can touch McElree's Wine of Cardui. It towers above them all as a reliable female remedy. It simply drives pain and disease away and restores health in an incredibly short period. I have taken great interest in this medicine for the past two years, since it brought health and strength to me. I have also recommended it to a number of my friends and they who have used it speak of it in the highest terms and I feel that it is praise well bestowed."

If you are suffering from female weakness Wine of Cardui is the medicine you need.

You can have health the same as Miss Finley if you will take the Wine of Cardui treatment. If you need advice further than the complete directions given on the bottle, address The Ladies Advisory Department, Chattanooga Med. Co., Chattanooga, Tenn.

CLOTHING TALK!

There is something about the Hart, Schaffner & Marx Clothing by which you may identify them even more certainly than the label. It goes into them before the label. It is a style, a quality, a tailored-by-hand touch to them, a harmony of fabrics, trimmings, etc., a thoroughbred look about them never found in other clothing. The fact that we can't define it doesn't make it any less real. You can see it without fully realizing what it is. We can't show it or tell you fully about it until you wear the clothes. Then we won't need to. This incomparable line is for men and confined to us.

But we have provided as well for the boys and children. We invite inspection and comparison of both goods and prices.

OUR MERCHANT TAILORING DEPARTMENT, under the supervision of Mr. Charles F. McNamara, is the only one in the city paying Union prices and having all work done at home. Ask to see one of our made-to-measure Suits. You can get them cheaper elsewhere, but not like ours.

Let us show you our new Shirts, new Hats, new Neckwear, etc., etc.
